BUNTINGS' PRICE LIST

Fruit and Ornamental Trees, Strawberry Plants
Shrubs, Plants, Vines, Bulbs, Etc.

MEMBERS
AMERICAN ASS'N
OF NURSERYMEN

SELBYVILLE
DELAWARE

Our General Catalogue which illustrates and describes the various varieties of Nursery Stock, also gives planting instructions. We will mail upon receipt of your request.

HOW TO FIGURE YOUR ORDER.

One to four trees of one variety sold at the each rate; 5 to 30 of one variety at the 10 rate; 30 to 300 of one variety at the 100 rate; 300 or more at the 1,000 rate.

TERMS. Cash with order; but orders will be booked if one-fourth value is received with order, remainder to be sent before time for shipment. We allow a cash discount of 5 per cent. on all orders large or small when cash accompanies order in full. Remit by money order, registered letter, check or draft. **WE ACCEPT LIBERTY BONDS OF ALL ISSUES AT FACE VALUE IN PAYMENT FOR NURSERY STOCK.** Send bonds by registered mail.

PACKING. We make no extra charge for boxing and packing, all stock is delivered f. o. b. train at prices quoted in this price list. We use damp moss in packing all stock, which insures safe delivery.

GUARANTEE. We guarantee all stock to be strictly first class and true to name and will upon proper proof refund the purchase price, or replace any stock which proves otherwise. It is understood and agreed that we will not be held responsible for any greater sum than the cost of the stock, should any prove untrue. We strive to avoid mistakes and believe that we are as exact as any in the business.

SHIPMENT BY PARCEL POST. Cannot exceed 72 inches including the length and circumference of the package. Weight must not exceed 70 pounds within the first and second zones—that is within a radius of 150 miles from Selbyville, Del. Elsewhere not more than 50 pounds can be sent by parcel post. When stock is ordered to go by parcel

post (REMIT AS PER PRICES IN THIS PRICE LIST) and we will send your order by parcel post C. O. D. for the postage only. We learn that this is very satisfactory as customer pays actual cost of postage to his postmaster or rural delivery carrier when he receives the stock.

We cannot ship by parcel post any evergreens. We cannot ship by parcel post any tree or plant larger than 4 feet.

We recommend express and freight shipments on large orders.

REFERENCE. We refer you to Duns and Bradstreet's Commercial Agencies; Baltimore Trust Co., Selbyville, Del.; Selbyville National Bank, Selbyville, Del.; or any business house in Selbyville.

FALL SHIPPING SEASON. Open October 1st to 15th and continues until January 1st. The proper time for transplanting nursery stock is at the time when it is dormant, which is during October, November and December in the autumn and February, March and April in the spring. Nursery stock is successfully planted any time during the winter months that the soil is not frozen. In freezing weather the roots should be well protected in handling and not exposed to frost.

FALL PLANTING BETTER THAN SPRING. There are several reasons. As a rule most of us have more time to devote to planting at that season of the year and are not rushed with other work as is usually the case in the spring. Stock planted in the fall of course does not start growing until the following spring, however during the winter months the earth gets fully settled around the roots, and they start growing much earlier than they do when planted in the spring. Another reason is that you avoid spring rushes in the nursery.

2 Buntings' Nurseries, Selbyville, Delaware

APPLE TREES

	each	10	100	1000
